**YOUR PARTNER FOR COMPONENTS TO
TRANSFER ENERGY, DATAS AND SIGNALS
IN EFFECTIVE AND RELIABLE MANNER**

In cooperation with

LTN Servotechnik GmbH
STIEBER GmbH
KBK Antriebstechnik GmbH
Altra Industrial Motion
MEGATRON Elektronik GmbH & Co.kg
SENSY S.A.
Gosan S.A.

Drive technology

- Free wheels
- Couplings & Brakes
- Locking devices & Shrink discs
- Backstops, Overrunning clutches
- Safety Brakes
- Motors DC/AC

Mechatronic & Sensor technology

- Slip rings
- Resolver
- Incremental & absolute encoders
- Angle, position & load sensors
- Rotary joints
- Joysticks & Input devices
- Potentiometer
- Precision and specialized resistors

Engineering

- Engineering, Installation & Assembling services

www.intertech-austria.at

International Network of Technologies

With our products we are able to provide solutions and individual approaches in the segment of Energy-, Data- and Signal-transfer as well as safety components.

Our products and services are aligned to our customers requirements.

They are characterized by top rate quality. Used and implemented by first class manufacturer.

Couplings

Slip Ring

Spur Gears

DC-Motor

Angle Sensors

Freewheel Backstop

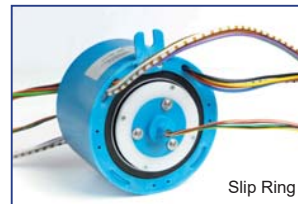

Couplings

Dry Running Multi-Disc Clutch

Resolver in housing

Slip Ring

Overrunning Clutch
